## Your Child's Records

We have many medical records that will be expiring this month! Please be sure you are providing us with an updated immunization record EVERY time your child receives shots.

Physicals expire every two years.

If your child is not in compliance, you will receive a note from the administration and must provide us with the required forms in order to continue attending.

We are asking all parents to please stop by the office and check on contact numbers and emergency pickups at this time as well.

## Door Codes

As part of our commitment to keep our children safe, we have a coded entrance to the classrooms. **ONLY** the primary custodian(s) for your child's account should have access to your child's door code. Please help us prevent unauthorized people from entering our facility by ensuring these codes are kept private.

If someone aside from the primary custodian is picking up your child, they will need to check in with the office and we will open the doors for them.
